Company Announcement

New Age International Inc of Brooklyn, NY 11206 is recalling its 200g packaged of Daily Veggies Enoki Mushroom, Product to Korea because they maybe contaminated with *Listeria Monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people and others with weakened immune systems. Although healthy persons may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain, and diarrhea, *L. Monocytogenes* infection can cause miscarriages and stillbirths among pregnant women.

The recalled Enoki Mushrooms were distributed nationwide in retail stores. The product comes in a 200g, clear plastic package marked with UPC code 8809159458890 on the back label.

No illnesses have been reported to date in connection with this problem.

The contamination was discovered after samples were collected from a store in Baltimore, Maryland and subsequent analysis by State of Maryland Department of Health Laboratories Administration revealed the presence of *Listeria Monocytogenes* in some 200g packages of Daily

Veggies Enoki Mushroom from Korea. Remaining products in the warehouse had been destroyed.

Consumers who have purchased 200g packages of Daily Veggies Enoki Mushroom from October to November of 2024 are urged to destroy the products immediately or return them to the place of purchase for a full refund. Consumers with questions may contact the company at 718-808-1018.

About Feeding America Recall Notices

The Feeding America national office issues notifications of all national Class I and II recalls--those involving a health hazard situation in which there is reasonable probability that eating the food will cause health problems or death--and other recalls that may affect the safety of food supplied to network members.

The national office strongly encourages all member product solicitors, operations managers, and others involved in food and grocery distribution to regularly consult resources provided by the United States Food and Drug Administration (FDA) at <http://www.fda.gov/opacom/7alerts.html>, and the United States Department of Agriculture (USDA) at http://www.fsis.usda.gov/Fsis_Recalls/index.asp. Additionally, members can often receive information on national, state, and local recalls by contacting their local health departments.
