**Subject:** Salm Partners, LLC, Recalls Johnsonville Polish Kielbasa Turkey Sausage Products Due to Possible Foreign Matter Contamination

**WASHINGTON, March 7, 2024** - Salm Partners, LLC, a Denmark, Wis., establishment, is recalling approximately 35,430 pounds of Johnsonville turkey kielbasa sausage that may be contaminated with foreign materials, specifically pieces of rubber, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The turkey kielbasa sausages were produced between Oct. 30-31, 2023. The following products are subject to recall [\[view labels\]](#):

- 12-oz. vacuum-packed packages containing a single piece of "Johnsonville POLISH KIELBASA TURKEY" sausage and best by dates "05/17/24" and "05/18/24" printed on the side of the packaging.

The products subject to recall bear establishment number "P-32009" printed on the side of the packaging. These items were shipped to retail locations nationwide.

The problem was discovered after the firm received complaints from consumers reporting they found pieces of rubber in the ready-to-eat turkey kielbasa products.

There have been no confirmed reports of adverse reactions or injury due to consumption of these products. Anyone concerned about an injury should contact a healthcare provider.

FSIS is concerned that some product may be in consumers' refrigerators. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers. When available, the retail distribution list(s) will be posted on the FSIS website at [www.fsis.usda.gov/recalls](http://www.fsis.usda.gov/recalls).

Consumers and members of the media with questions about the recall can contact Stephanie Schafer, Director of Global Corporate Communications for Johnsonville, at 888-556-2728 or [sschafer@johnsonville.com](mailto:sschafer@johnsonville.com).

Consumers with food safety questions can call the toll-free USDA Meat and Poultry Hotline at 888-MPHotline (888-674-6854) or send a question via email to [MPHotline@usda.gov](mailto:MPHotline@usda.gov). For consumers that need to report a problem with a meat, poultry, or egg product, the online Electronic Consumer

Complaint Monitoring System can be accessed 24 hours a day  
at <https://foodcomplaint.fsis.usda.gov/eCCF/>.

## **About Feeding America Recall Notices**

The Feeding America national office issues notifications of all national Class I and II recalls--those involving a health hazard situation in which there is reasonable probability that eating the food will cause health problems or death--and other recalls that may affect the safety of food supplied to network members.

The national office strongly encourages all member product solicitors, operations managers, and others involved in food and grocery distribution to regularly consult resources provided by the United States Food and Drug Administration (FDA) at <http://www.fda.gov/opacom/7alerts.html>, and the United States Department of Agriculture (USDA) at [http://www.fsis.usda.gov/Fsis\\_Recalls/index.asp](http://www.fsis.usda.gov/Fsis_Recalls/index.asp). Additionally, members can often receive information on national, state, and local recalls by contacting their local health departments.
