Food & Beverages
Reason for Announcement:
Potential to be contaminated with Salmonella.
Company Name:
Wenders LLC
Brand Name:
Trader Joe's
Product Description:
50% Less Salt Roasted & Salted Whole Cashews

Company Announcement

Wenders LLC of Dublin, CA is recalling specific production lots of Trader Joes Nuts – 50% Less Sodium Roasted & Salted Whole Cashews – (SKU Number – 37884) **Lot# T12139, T12140, T12141, and T12142** because they have the potential to be contaminated with *Salmonella*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

Product was sold in the states of AL, AR, AZ, CA, CO, ID, KS, LA, NM, NV, OK, OR, TN, TX, UT, and WA at Trader Joe's locations.

The product can be identified by the country of origin, India or Vietnam and the “**Lot No:**” printed on the back panel of the plastic pouches **Trader Joes Nuts – 50% Less Sodium Roasted & Salted Whole Cashews (SKU Number – 37884) No other Lot No:s or products are affected by this recall.**

Lot No#	Best Before Date
T12139	Feb 21, 2025
T12140	Mar 01, 2025
T12141	Mar 08, 2025
T12142	Mar 10, 2025

No illnesses have been reported to date.

The issue was identified through routine testing by FDA during import, which indicated that at least one of the recalled lots tested positive for the presence of *Salmonella*.

Consumers should not eat any products covered by this recall. Consumers who have purchased a recalled product are urged to return it to the place of purchase for a full refund. Consumers with questions may contact the company at foodsafety@wendersllc.com

-
- * We believe that none of the product being recalled were processed or offered through the national office
 - * We strongly encourage you to notify your agencies within one business day from receipt of this notice.
 - * ALL cased and uncased inventories, both at the member level and agency level, need to be checked. This product may have entered member and agency warehouses through salvage, local donations, TEFAP, local purchases, retail pickups, food drives, or other avenues.
 - * For additional local details, please contact the Health Department(s) for the area(s) your food bank serves.

About Feeding America Recall Notices

The Feeding America national office issues notifications of all national Class I and II recalls--those involving a health hazard situation in which there is reasonable probability that eating the food will cause health problems or death--and other recalls that may affect the safety of food supplied to network members.

The national office strongly encourages all member product solicitors, operations managers, and others involved in food and grocery distribution to regularly consult resources provided by the United States Food and Drug Administration (FDA) at <http://www.fda.gov/opacom/7alerts.html>, and the United States Department of Agriculture (USDA) at http://www.fsis.usda.gov/Fsis_Recalls/index.asp. Additionally, members can often receive information on national, state, and local recalls by contacting their local health departments.
