Company Announcement Date:

February 01, 2023

FDA Publish Date:

February 01, 2023

Product Type:

Food & Beverages

Reason for Announcement:

Undeclared peanuts

Company Name:

B & G Foods, Inc.

Brand Name:

Back to Nature

Product Description:

Fudge Mint Cookies

B&G Foods announced today it is voluntarily recalling three cases (18 individual boxes) of a single date code of 6.4 oz. *Back to Nature* Fudge Mint Cookies, with a “best by” date of OCT 02,2023, after being notified that an ingredient supplied by a third-party ingredient supplier was contaminated with peanut, an allergen not declared on the cookie box label. People who have an allergy or severe sensitivity to peanut run the risk of serious or life-threatening allergic reaction if they consume the cookies contained in the three recalled cases.

This **recall affects only three cases** of the following product, which may have been **distributed in retail stores nationwide**:

Description	Consumer UPC #	Size	Best By Date
<i>Back to Nature</i> Fudge Mint Cookies	8-19898-01102-5	6.4 oz.	OCT 02 2023 (The “best by” date is located on the top of the box.)

This recall does not apply to any other “best by” dates, sizes or varieties of *Back to Nature* products.

No allergic reactions have been reported to date. This recall was initiated in cooperation with the FDA and the third-party co-packer that produces the cookies after it was discovered that an ingredient supplied by a third-party ingredient supplier was contaminated with peanut.

About Feeding America Recall Notices

The Feeding America national office issues notifications of all national Class I and II recalls--those involving a health hazard situation in which there is reasonable probability that eating the food will cause health problems or death--and other recalls that may affect the safety of food supplied to network members.

The national office strongly encourages all member product solicitors, operations managers, and others involved in food and grocery distribution to regularly consult resources provided by the United States Food and Drug Administration (FDA) at <http://www.fda.gov/opacom/7alerts.html>, and the United States Department of Agriculture (USDA) at http://www.fsis.usda.gov/Fsis_Recalls/index.asp. Additionally, members can often receive information on national, state, and local recalls by contacting their local health departments.
