**Subject:** Whole Foods Food Donation Program - Quality Alert: 365 Brand Beef Broth and Chicken Broth

Dear Charitable Agency,

The Whole Foods Food Donation Program has potentially been affected by the following recalled items, as there is the risk that these items (*365 Brand* Beef Broth and Chicken Broth) may spoil prematurely prior to the dates listed on the broth cartons, due to microbial contamination:

- 365 by Whole Foods Market Organic Chicken Broth 32 oz.
- 365 by Whole Foods Market Organic Chicken Broth 32 oz. (Club Pack)
- 365 by Whole Foods Market Organic Beef Broth 32 oz.

Please locate and dispose of any of the potentially-affected products listed above, that may still be in your charity's possession.

These recalled broths are no longer being sold in Whole Foods stores, so this particular recall alert does not apply to any future chicken broth or beef broth that may be donated.

Sincerely,

**Food Donation Connection**
