Company Announcement

CHICAGO, Illinois – December 15, 2023 – **The Quaker Oats Company today announced the recall of specific granola bars and granola cereals** listed below because they have the potential to be contaminated with *Salmonella*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

The products listed below are sold throughout the 50 United States, Puerto Rico, Guam and Saipan. Consumers should check their pantries for any of the products listed below and dispose of them. Additionally, consumers with any product noted below can contact Quaker Consumer Relations (9 a.m. – 4:30 p.m.

CST, Mon.-Fri.) at 1-800-492-9322 or visit www.quakergranolarecall.com[External Link Disclaimer](#) for additional information or product reimbursement.

To date, Quaker has received no confirmed reports of illness related to the products covered by this recall. Quaker has informed the FDA of our actions.

This recall ONLY APPLIES to the specific products below. NO OTHER Quaker products are impacted.

About Feeding America Recall Notices

The Feeding America national office issues notifications of all national Class I and II recalls--those involving a health hazard situation in which there is reasonable probability that eating the food will cause health problems or death--and other recalls that may affect the safety of food supplied to network members.

The national office strongly encourages all member product solicitors, operations managers, and others involved in food and grocery distribution to regularly consult resources provided by the United States Food and Drug Administration (FDA) at <http://www.fda.gov/opacom/7alerts.html>, and the United States Department of Agriculture (USDA) at http://www.fsis.usda.gov/Fsis_Recalls/index.asp. Additionally, members can often receive information on national, state, and local recalls by contacting their local health departments.
