My Mochi Peach Mango Sorbet

Company Announcement

The Mochi Ice Cream Company LLC, Vernon, California is recalling 1350 cases of Peach Mango Sorbet, because it may **contain** undeclared pasteurized cooked egg white. People who have an allergy or severe sensitivity to **eggs**, run the risk of serious or life-threatening allergic reaction if they consume these products.

My Mochi Peach Mango Sorbet was distributed nationwide through retail stores.

The product can be identified by the My Mochi brand and the flavor of Peach Mango. The product is in an orange 6 ct box weighing 7.5 oz, in the freezer section with lots of 337-24 & 341-24 marked on the box.

There have been 2 reports of minor allergic response reported.

The recall was initiated after it was discovered that product containing (pasteurized egg white) was distributed in packaging that did not reveal the presence of (the egg white). Subsequent investigation indicates the problem was caused by a temporary breakdown in the company's

packaging processes.

Consumers who have purchased My Mochi Peach Mango Sorbet with lots 337-24 & 341-24 are urged to return it to the place of purchase for a full refund. Consumers with questions may contact the company at 1-844-696-6244.

About Feeding America Recall Notices

The Feeding America national office issues notifications of all national Class I and II recalls--those involving a health hazard situation in which there is reasonable probability that eating the food will cause health problems or death--and other recalls that may affect the safety of food supplied to network members.

The national office strongly encourages all member product solicitors, operations managers, and others involved in food and grocery distribution to regularly consult resources provided by the United States Food and Drug Administration (FDA) at <http://www.fda.gov/opacom/7alerts.html>, and the United States Department of Agriculture (USDA) at http://www.fsis.usda.gov/Fsis_Recalls/index.asp. Additionally, members can often receive information on national, state, and local recalls by contacting their local health departments.
