Ulker

Product Description:

Snack rolls, biscuits, and wafers

Company Announcement

ZB Importing LLC is voluntarily recalling certain lots of six varieties of Ulker Brand snack rolls, biscuits, and wafers due to undeclared wheat, egg and/or milk in the Ingredient List and/or Contains Statement on the product labels. People who have an allergy or severe sensitivity to wheat, egg, or milk run the risk of a serious or life-threatening allergic reaction if they consume these products.

Products were distributed through retail stores in Ontario, Canada and the following US states AL, AR, CA, CT, CO, DC, DE, FL, GA, IL, IN, KY, LA, MA, MD, MI, MN, MO, MS, NE, NC, NH, NJ, NM, NY, OH, OK, PA, RI, SC, TN, TX, VA, WA, WI and WV.

This mislabeling was discovered following receipt of a single consumer complaint involving an allergic reaction. The issue originated from a supplier who inadvertently failed to fully disclose all allergens while translating the ingredient list. We are actively working with the supplier to implement stricter labeling controls, including an additional verification process for multilingual labels.

Consumers who have purchased any of the below Ulker Brand products are urged to return them to the place of purchase for a full refund. Consumers with questions may contact the company at info@ziyad.com.

About Feeding America Recall Notices

The Feeding America national office issues notifications of all national Class I and II recalls--those involving a health hazard situation in which there is reasonable probability that eating the food will cause health problems or death--and other recalls that may affect the safety of food supplied to network members.

The national office strongly encourages all member product solicitors, operations managers, and others involved in food and grocery distribution to regularly consult resources provided by the United States Food and Drug Administration (FDA) at <http://www.fda.gov/opacom/7alerts.html>, and the United States Department of Agriculture (USDA) at http://www.fsis.usda.gov/Fsis_Recalls/index.asp. Additionally, members can often receive information on national, state, and local recalls by contacting their local health departments.
